

Macleod Council Reduces Tax Rate 8 Mills --- 1926 Estimates Cover Many Improvements

OPEN VERDICT IN THURSDAY'S SLAYING DECISION OF JURY AT INQUEST HELD ON SATURDAY

Lethbridge, Feb. 15.—Shot by an unknown hand.

This is where the curtain has dropped for the time being on the shooting of Walter Vere in a tragedy with all the elements of tense human interest and which would fascinate the mind of the seeker of the mysterious in writing the story of murder. The author of the murder which turned the hallway of Constable Carr of the Alberta Provincial Police into a charnel-house in the early hours of Thursday morning, February 11th, and brought him to within an ace of being the unintended victim in the search for another, as the evidence of the constable served to show in a question put to him by Walter Vere, is still an unknown person. Who killed Walter Vere? This is a question which has been left open in the verdict of the jury at the coroner's inquest held by Coroner McNicol on Saturday afternoon, when the much-expectant statement of Karl Perdue, given the police, was not produced. This verdict, arrived at by the jury in less than ten minutes, six minutes in all, read as follows:

"That Walter Vere came to his death on Thursday the 11th day of February, 1926, at the premises known as 817 Sixth St. S., in the city of Lethbridge, by a gunshot wound in the head fired by some person or persons unknown."

Big Printing Bargains FOR FEBRUARY

I'll sing you a song—yes—a "symphony"—
I'll fill all purchasers' hearts with gladness—
'Tis a ballad of prices cut in twain,
Not a siren song—yet a song of gain.
Of printing prices that got the axe,
And lightened loads for buyers' backs—
Oh, hark to the music—oh, listen in,
Or 'twon't be with you as "it might have been."

The present owner of The Macleod Times since purchasing the business from D. J. Grier the first of this year has found the initial month of 1926 somewhat slack as to the volume of commercial printing purchased by the public of Macleod. During the past several years every line of business in town excepting that of this printing establishment has at one time or another put on special inducement sales—"The Times" management has conceived the idea of breaking present trade depression in its line by putting on some real Bargains in Printing for the month of February. The Times has a big stock of printing paper and card-boards, etc.—we need money more than we need stock—the mechanical staff has time at its disposal which we would like to turn into shekels—machinery is standing idle which we would rather hear moving rhythmically along playing a cadence—a symphony of small gains; so and therefore during February we are offering some extraordinary Bargains in Printing. Prices are quoted place our products almost on a par with gifts—come along and get your present!

will be brought before the Dominion parliament as soon as it resumes in mid-March after adjournment. Advice to this effect has been received by Premier Brownlee from Hon. MacKenzie King, whom he asked by wire for information as to what procedure is likely to be followed at Ottawa. The Prime Minister states that a draft bill is now being prepared and that copies of it will be forwarded when ready, the intention being to have the same bill in both houses.

Edmonton, Feb. 15.—The natural resources agreement was tabled in the legislature this afternoon by Premier J. E. Brownlee. A petition for its enactment still has to pass the Dominion house and senate and be forwarded to the Imperial parliament which must grant the petition before the transfer becomes effective.

The agreement has already been published and its main points are: Transfer by the Dominion to the province of the crown rights in all lands, mines, minerals, and royalties, within Alberta subject to existing contracts which must not be altered except by general legislation applying to all.

Continuance for three years of the annual subsidy of \$562,500 and its abolition at the end of that time in lieu of the natural resources.

ELK INITIATION TUESDAY MARCH 16th

After spending a few days sizing up the situation in Macleod, Grand Organizer Tony McKinley of the Order of Elks has decided on Tuesday, March 16th, as the night of the big Initiation and Installation of Macleod Lodge, B. P. O. E. Mr. McKinley says that he has met with the best of encouragement and that the membership should run well up around the hundred mark.

It is expected that a big crowd of visiting Elks from Nanton, Vulcan, Staveland, Claresholm, Granum, Pincher Creek, Lethbridge, Calgary, Blairmore, Coleman and other points will be present. It is likely that "Shorty" McKinnon the Exalted Ruler of Coleman Lodge will be one of the representatives from that town. Now that the final decision has been made and Grand Lodge has approved the date, the Organizers will proceed with the taking of applications.

TORY AMENDMENT LOSES— PROGRESSIVE MOVES QUESTIONS BE PUT

Ottawa, Feb. 17.—The Conservative amendment to the address was defeated in the house last night by ten votes. With Liberals, Progressives, Labor and independent members opposing and the Conservatives supporting the amendment was lost 118 to 108. The government received the solid support of all the groups in the house with the exception of the Conservatives.

There were no "switches" and only a few pairs.

Ottawa, Feb. 17.—A motion, the purpose of which is to prevent the introduction of further amendments to the address, came from the ranks of the Progressives shortly after midnight last night. T. W. Bird of Nelson, who took the floor immediately after the defeat of the Conservative amendment, was the mover. He concluded his remarks on the address by saying that one of his purposes in rising was to see if the house desired further amendments. He therefore moved "that this question be now put."

Correct this sentence: "Sorry," said the officer, "but it's against regulations to park here and I must request you to move on."

Englishmen Entertain Brotherhood

The natives of the little Island Empire across the sea did themselves credit on Tuesday night of this week when they took charge of the Brotherhood meeting. An unusually large crowd of men sat down to the best supper that the Brotherhood has yet enjoyed, which was characteristically English, consisting of roast beef with Yorkshire pudding and green peas, garnished with mint sauce. Harry Hands gave a short, interesting talk at the table in which he described the scenery and song birds of the Old Land in a way that made many an Englishman home-sick. The supper program was interspersed with songs.

After the supper hour the Brotherhood withdrew to the body of the church where they were entertained with an English concert. The artists were Ivor Brooks, Donald White, Mrs. Brewster, Ruth Gifflespie, Roger Hunt and Lionel Griffin, with Molly Griffin at the piano and Mr. McMillan as chairman.

The feature of the evening was a lantern lecture by Mr. H. V. Clarke on "The Garden Cities and Suburbs of England," which was enjoyed by all.

Brotherhood Announcement
At next week's supper gathering of the Brotherhood the speaker will be the Rev. Norman Priestley, of Coalville, who will speak on "Riding a Hobby." Mr. Priestley, although an Englishman and a veteran of the Great War, and still young, is one of the pioneer ministers of Alberta with a splendid record of achievement behind him. A splendid welcome is assured him when Mr. Priestley visits Macleod next Tuesday.

George Wetherup
Regrets are general throughout the church at the loss of Mr. and Mrs. George Wetherup, who leave this week for Ravensburg, Saskatchewan, where Mr. Wetherup will charge of the station agency for the C.P.R. George has been an enthusiastic member since the United Church came into existence and is largely responsible for the success that has attended the Men's Brotherhood. He was lately made convener of the committee of the proposed boys camp, in which he was most interested. The recipient of a handsome present at the Brotherhood meeting on Tuesday night. The best wishes of the whole congregation will follow Mr. and Mrs. Wetherup in their new field of labor.

Boy's Service
One of the most impressive services ever held in Macleod was the Boys' service of last Sunday morning. The whole service was in the hands of the boys of the congregation. A large boys' choir sang as an anthem "Loyalty to Christ," with Eugene Hewitt officiating at the organ. Ivor Brooks was in charge of the service and carried out a program in a very able manner. Walter Greenock offered prayer. The preachers were Jeffrey Young, who spoke on the "Spiritual Significance of the Trail-Ranger Movement," and Stanley Rands, who spoke at some length on the "Larger Aspects of the C.S.E.T. movement in Canada and its bearing on the International Brotherhood of the Future." He said in substance that the Canadian standard of training leaves no part of the boys' development neglected. It covers the whole range of his activities, but more than all it serves as an outlet for service on the part of boys that has far-reaching effects. He spoke of the World Brotherhood movement with which the boys of Canada are affiliated, and its efforts to promote mutual understandings among the boys of the world so that the future peace and security of the world will be assured. He closed

Early in the beginning of the present year the Mayor and Council were able to announce a cash surplus exceeding \$25,000.00. This was exceedingly satisfactory to the ratepayers in general, particularly in view of the fact that reductions had been made in 1925 in assessments in tax rate and in electric light rate.

Now comes the pleasing news that a further reduction of 8 mills in the tax rate is made for the year 1926. This reduction has been approved by the Board of Public Utility Commissioners, who have sent a letter congratulating the Council on being able to complete the estimates so early in the year. The town program

as approved and passed for 1926 makes provision for expenditure on streets and on the Town Hall building, and for other improvements.

When one considers that a few years ago this town was facing bankruptcy, with a mounting debt and that now its financial position is sound with a decreasing tax rate it must be admitted that the municipal administration that has brought about the changed conditions is to be highly congratulated.

This town owes a debt of gratitude to the Council that has been instrumental in effecting the much to be desired results that have been realized.

THOMAS MEIGHAN CONQUERS IRELAND. PARAMOUNT STAR TAKES LITTLE ISLE OF SONG AND STORY BY STORM

This is a tale of the conquest of Ireland. They said that Ireland could never be conquered. Through long centuries of strife, Dane and Saxon broke their way across the bays and bays, and the English, now at last this Island of Song and Story has been conquered by one man, armed only with a smile.

Tom Meighan smiled, and Ireland fell. It is an interesting tale and it harks back to a night in New York two years ago when Thomas Meighan and John McCormack were having dinner together in the latter's apartment on Park Avenue.

Said John to Tom: "Look here, you've made pictures in Havana, Canada, Panama and all the other places all over these United States, why don't you go to Ireland to make a film? Your ancestors came from Ireland and they handed down to you a splendid heritage of Irish tradition. The Kingdom of Kerry with its lakes of Killarney has some of the most beautiful scenery in the world."

And Tom Meighan sat there over his after dinner coffee and cigarette, listening to the tenor's rich, musical voice recounting Ireland's glories and finally he said:

"John, help me find a romantic Irish story, one as wholesome and fine as the songs you sing and I'll go."

So it was that "Irish Luck," Tom Meighan's new Paramount starring picture, due at the Empress Theatre on Monday and Tuesday, was unearthed and Ireland welcomed Tom.

Given Royal Welcome
An ovation usually only tendered titled heads of nations was accorded the popular Paramount star on his arrival in Dublin. Ten thousand persons were waiting on the quay at Dunlachaigh. From that point to Dublin is seven miles and this distance was traversed by motor. A continuous roar of welcome natives in the picturesque little towns along the way turned out en masse to see the popular American player.

Representatives of President Cosgrave of the Irish Republic were waiting at the Hotel Shelbourne to extend him an official welcome to the land. Speeches of welcome were made in behalf of the President and Mr. Meighan replied with a few well chosen words expressing his gratification at having at last achieved one of his ambitions—that of making a picture among the hills of old Erin.

For three hours after the arrival of Mr. Meighan and his party at the Shelbourne, hundreds of people were still waiting to catch a glimpse of him.

"Irish Luck," directed by Victor Heerman who made "The Confidence Man" and "Old Home Week," is an adaptation by Thomas J. Geraghty of the Saturday Evening Post serial, "An Imperfect Imposter," by Norman Venner.

The story brings Meighan to the screen in a dual role—as a New York traffic cop and as an Irish aristocrat. It's described as the greatest Meighan picture to date—the first big picture ever made in Ireland.

PREMIER KING ELECTED BY OVER 5,000 MAJORITY—OP- PONENT SNOWED UNDER

Prince Albert, Feb.—Ninety-four polls out of 138 gave King 7,891; Burgess 1,790.

Majority for King 5,901.

Prince Albert, Feb. 16.—(Canadian Press)—For the second time in its history the federal constituency of Prince Albert has elected a premier and leader of the Liberal party as its representative in the house of commons.

Prime Minister Wm. Lyon Mackenzie King, following in the footsteps of Sir Wilfrid Laurier, was the successful candidate in the federal by-election held here yesterday and his majority, when complete returns are in, is expected to be between six thousand and six thousand five hundred. Sir Wilfrid was elected in 1896. Complete returns on the voting are not expected until Friday when it is planned to make the official declaration.

Burgess Sniped Under Vote

Following a campaign in which the Liberal spokesman used the speech from the throne at the opening of the present session of the house as the basis for the appeal for the election of the premier, the voters of the constituency literally snowed Captain D. L. Burgess, M.C., independent, under an avalanche of ballots.

Premier King will receive a majority greater than the total vote cast for Charles McDonald, Liberal candidate elected to the seat in the balloting on October 29, while Captain Burgess will lose his deposit. Indications were that the independent would not receive as high a vote as that given the candidate running last in the general election, when the contest was a three-cornered one.

Army of Speakers During Campaign

During the short campaign which followed the resignation of Mr. McDonald and the nomination of Mr. King and Mr. Burgess to contest the by-election, the cause of both candidates had been put before the voters by an army of speakers.

The Liberal speakers pointed to the promise of completion of the Hudson Bay Railway and the introduction of a rural credits measure in the federal house as answering two of the desires of the western people generally.

Mr. King in his two-day campaign in the constituency stressed the need for national unity, which would be served by the election of a Liberal representative in the house. Following his departure the campaign was carried on by the Liberal organization assisted by a host of members of the provincial government.

Burgess' Plea For Election

Mr. Burgess based his plea for election on a protest against the manner in which Mr. King had been nominated and the "handing around of seats." He and other speakers claimed that both steps had been taken without proper consultation of the voters who had sent Mr. McDonald to the house.

These were the issues and while personalities and local issues were freely discussed during the closing days of the campaign, the real plea to the voters was federal.

Protest on Ballot Form Will Be Pressed

T. D. Agnew, official agent for Mr. Burgess, previous to the vote, protested to Ottawa that the ballots had been printed in a manner in violation of the Dominion Election Act, and last night, after the result of the vote was known, he declared that this protest would be pressed.

The question as to whether or not this will affect Premier King's election remains in the hands of Col. O. M. Biggar, chief electoral officer, to whom Mr. Agnew has appealed for guidance as to what further steps are necessary to register a formal protest.

The actual vote fell short of the expectations of the campaign managers who predicted a poll heavier than that of October 29. The vote of yesterday will be approximately the same as that of the general election.

Voting was conducted quietly throughout the constituency, the tense atmosphere of a close campaign being lacking.

In statements, one wired from Ottawa and the other issued here, Premier King and Mr. Burgess last night expressed their appreciation of the support accorded them. Mr. King's telegram was brief but Mr. Burgess in his statement took occasion to blame the provincial government for his defeat.

At a concert in the social hall Mr. Meighan's eloquent plea for charity brought contributions totaling \$1,002, one third going to the Seamen's Home in England, another to the Seamen's Fund in America and the remainder to the Actors' Fund. This exceeds by more than a thousand dollars the highest previous amount ever raised at a benefit on the Leviathan, and compares favorably with the largest amount benefits given on any ship.

"Irish Luck," a story of a New York traffic cop who wins a newspaper popularity contest and a trip to Europe, was adapted for the screen by Tom Geraghty from Norman Venner's "An Imperfect Imposter," which ran as a serial in the Saturday Evening Post. Victor Heerman, who made the Meighan pictures, "The Confidence Man" and "Old Home Week," directed.

KELLY—GILLEN

On Wednesday, February 10th, at the R. C. Church, Calgary, the wedding was celebrated of Elizabeth, the daughter of Dan Gillen of Macleod and the late Mrs. D. Gillen, to William Kelly, of Calgary. After the ceremony a reception was held at the Palliser Hotel which was largely attended by a host of relatives and friends of the bride and groom. The happy couple left for Banff where the honeymoon will be spent, after which they will return and take up their residence in Calgary. Mr. Kelly, who is manager of the Famous Lasky Film Corporation (Calgary branch) is well known throughout Alberta where he has been travelling for a number of years. Mrs. Kelly, prior to her marriage, resided on her father's farm which is situated about 14 miles south of Macleod, and was one of the most popular belles of Macleod district.

The sacrifice was a regular feature of gala days ages ago, and that may explain the feeling toward umpires.

ALBERTA AND THE HARBOR BOARD

Alberta's official claim to representation on the Vancouver Harbor Board should be received in Ottawa with consideration and respect.

It is Alberta's grain that will largely fill our grain elevators and build up the business of the Port. Alberta, therefore, as an economic complement of Vancouver, is entitled to keep in close touch with the machinery that controls the shipping of that grain through this Port.

But above all considerations of domicile, the man who completes the personnel of the Vancouver Harbor Board should be, first and foremost, a man who is thoroughly versed and experienced in the grain trade. He should know grain as expertly as the weaver knows wool.

The Port of Vancouver has been built up by men who know shipping. The present members of the Harbor Board and their officials have efficiently laid the foundation for a great world port. This work has been done with expert, not with amateur knowledge.

And it will require expert, not

amateur, knowledge to build up a profitable grain trade in this Port. If a man with this requisite knowledge of grain and suitable otherwise as a harbor Commissioner can be found in Alberta, so much the better for the intimate and friendly relations that must be maintained between the grain-growing provinces and Vancouver.—Vancouver Sun.

A WIFE MAY NOT STAY IN HER HUSBAND'S RESIDENCE AGAINST HIS WILL

The above was the finding of Mr. Justice Beck, of the Appellate Division of the Supreme Court of Alberta. He said in part: "The Act itself permits him to dispose of the homestead except in so far as it may affect the interest of the wife. This right of the husband is inconsistent with the right of the wife to continue to live in residence on the homestead."

The interest of the wife in a homestead under the Dower Act is a life estate after her husband's death. (Page 277, Vol. 2, Western Weekly Reports 1922.)

It will be seen by this judgment that it is the widow, not the wife, that is protected by the Dower Act. That such a dower act needs amending at the present session of the legislature must be the opinion of every married woman and every just husband. In my opinion the Act should read: "Every disposition by act intra vivos of the homestead by any married man shall be null and void unless made with the consent in writing of his wife, thus protecting the wife in her home during her husband's lifetime."

PROVINCIAL BOXING CHAMPIONSHIPS

Official Sanction from the Alberta Branch of the A.A.U. to hold the Provincial Boxing Championship Elimination Contests in Lethbridge has just been received from Edmonton, and they will be staged in the Gymnasium of the L.Y.P.C.A. on Thursday evening, March 4th.

Competitors will be divided into twenty-one classes, ranging from under 70 to over 175 lbs. and will include Junior, Novice and Open Categories, the former containing five classes and being restricted to those who have not reached their eighteenth birthday.

A strong Committee has been appointed to take charge of the arrangements composed of the following well known sportsmen: Judge Jackson, Chairman. Insp. Bavin of the A.P.P. Messrs J. Lee, B. Metcalfe, G. McKillop, Syd Wallis, Archie Ramer, Secretary F. S. Dyke.

The Committee are decidedly of the opinion that there is no reason why the South should not produce Provincial Champions in several classes or even eventual winners of Dominion Honours.

As an encouragement to possible entrants, Messrs Joe Lee and Ben Metcalfe of the Lethbridge Hotel have made a very sporting offer to present medals to the winners of each class in the forthcoming Eliminations, and in addition to this their Railway and Hotel expenses will be paid to the scene of the Finals, which will be held at the end of March either in Calgary or Edmonton. It should be noted that all en-

trants must be in possession of current Amateur Cards by the day of the Contest. Application Forms for Cards and Entry Blanks for the Competitions can be obtained from Secretary F. S. Dyke of the L.Y.P.C.A., Lethbridge, who will gladly furnish any further information on request.

ONTARIO ELECTION NEXT JUNE

Ottawa, Feb. 13.—"A general election in Ontario in the month of June is what Conservative members of parliament are led to expect from confidential advisers from Toronto," says the Citizen today.

"The election will be essentially on the liquor question. Differing from frequent forecasts, it is stated that Mr. Ferguson does not plan any legislation whatever in dealing with the O.T.A. this session, but that when the legislature is concluded there will be an appeal to the country on a definite issue of government sale and local option. Urban or other municipalities that want the sale of liquor under government auspices will be able to have it if a majority on a plebiscite declare for it. Those that vote against it will remain dry."

\$188,000 SURPLUS FOR 1926, PREMIER BROWNLEE STATES

Edmonton, Feb. 17.—That there will be a surplus of \$188,019 in the provincial funds of Alberta for the fiscal year 1926, this being the second largest surplus in the history of the province, was the principal

statement given in the maiden speech, as premier, of Hon. J. E. Brownlee, Tuesday afternoon, when, following Fred White, Labor, Calgary, Premier Brownlee spoke for two hours, concluding just at 6:00 p.m., the debate being adjourned over Ash Wednesday, by J. C. Bowen, Liberal, Edmonton.

same name, which recently scored a tremendous success both in Europe and in America.

The sparkling story, which is regarded as one of the best ever written by the famous French playwright, was first produced in Paris and later appeared in England. With Elsie Ferguson and Basil Rathbone in the leading roles, it was put upon the American stage, and played at the Lyceum Theatre in New York.

The heroine of the picture is Florence Vidor, a haughty Russian Grand Duchess, who is forced to flee to Paris following the rise of revolutionists in her home country. Adolphe Menjou portrays the part of an adventurous young cavalier of the Boulevards who, for the love of Miss Vidor, masquerades as a floor-walker in her hotel suite that he may be near her always.

The screen adaptation was made by Pierre Collings, and the director is Malcolm St. Clair, who, it will be remembered, produced two previous comedy hits, "Are Parents People?" and "The Trouble With Wives."

Among the things that matter very little is what old dad thinks of daughter's prospective husband.

BUY AT HOME SPEND YOUR MONEY IN MACLEOD

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

Urges Conference on Western Route
Premier Brownlee has wired Hon. W. L. Mackenzie King suggesting a conference on the western route. This matter has been especially before the government for the past few days, and the entire question of Alberta's interest in the development of the Pacific route and Vancouver harbor has been under consideration. The request for action at Ottawa, resulting from this discussion, touches on some points of vital concern to the west as follows: "Government of Alberta urges upon you advisability holding conference producers and others concerned to discuss whole question of future development of western route and Vancouver harbor. This route most logical for future export Alberta grain and other products. Am sure you recognize right of these producing interests to voice in proper development of western route and management of harbor facilities Vancouver. Equalization freight rates removes an artificial barrier but urge upon you the need of early conference all interests to face frankly and courageously further problems attendant upon development of this route, including representation of producing interests on Vancouver harbor board."

Committee on Taxation
An advisory committee to consult with the provincial treasurer and other officials concerning the question of taxation will be appointed by the government, Premier Brownlee announced.

Alberta Butter Wins Again
In the inter-provincial butter contest at the Western Canada Dairy Convention, an exhibit of Alberta butter, from the Pure Butter Co., Edmonton, won the highest individual score.

Feeders' Day
Feeders' day at the University will be held April 10. Eight groups of steers, eleven lots of hogs, four pens of sheep and two lots of dairy cattle on test this winter at the University will contribute some interesting facts in connection with the most economical methods of feeding live stock in Alberta.

Start Spring Work
So mild has been the weather in Alberta that it has been possible to start spring work on the land at several points, in the Calgary and Lethbridge districts.

Viscount Allenby Coming
Viscount Allenby, hero of the Palestine campaign in the war, will visit Alberta in March.

Big Money For Bee-Keepers
Forty tons of Southern Alberta honey, the nectar of the unsurpassable clover and alfalfa fields of the Lethbridge district have been handled by one wholesale firm there. This firm paid out \$12,000 to three honey producers of the district, the Reidels, Ross and Korr apriaries. The Reidel apriaries produced 62,000 pounds of honey alone, in 1925, valued at \$9,000.

Short Courses Successful
The short course school in irrigation at Lethbridge and Raymond, under the auspices of the Province, Dominion and C.P.R. were brought to a close. A new high mark was set this year, the attendance at Lethbridge running between 65 and 100 every session and at Raymond farmers and farmers' sons to the number of 150 crowded into the lecture room at the School of Agriculture.

Highways Program
Graveling of the Fort Trail from Edmonton, together with the uncompleted 121 miles of roadway along the Calgary and Edmonton trail, will be major items on the Provincial highways program this year. C. A. Davidson, highways commissioner for the Province, told members of the Edmonton Auto and Good roads Association.

Child Welfare in Alberta
What is considered to be one of the most important activities of the public health department of the Alberta Government, is the work which has to do with child welfare. Alberta has reason to be proud of its children. It was an Alberta baby, from the child welfare clinic in Calgary that last year obtained the first prize as the Empire's best baby, at Wembley exhibition in July, and it was another Alberta baby, from a clinic at Redcliff that was awarded the second prize "The Astor award of merit" at the same exhibition in 1925. These babies were in regular attendance at their respective clinics from the time they were one month old. The gratifying announcement is made that the child welfare clinics conducted by the provincial department of health in Edmonton and Calgary, in co-operation with the civic authorities, and also at other points in the province, have been effective in greatly reducing the infant mortality. In Edmonton it is shown that the clinical work has contributed to a reduction in the infant mortality from 171 per 1000 in 1913 to 54.3 per 1000 in 1925, a truly remarkable record. In Calgary the reduction has been almost equally as satisfactory, the rate for 1925 being 66.6, a much lower figure than in former years. During the year 1925, there were 365 child welfare clinics held in the province with a total attendance of 13,358 babies and children of pre-school age. Of this number 86 clinics were held in rural districts, evidence that the health department is continuing to pursue its policy of reaching out to the rural districts to furnish attention which is not readily available otherwise to the isolated residents.

Some five years ago, through the medium of the Women's Institutes of the Taber constituency, child welfare clinics were established throughout that district. Last year Bow Valley followed the example and in 1924 very successful clinics were held in both districts. In 1925 Cardston and Pembina constituencies were added to the list. This method

OBITUARY

DEATH OF JAMES DOLMAGE DUNBAR

Jas. D. Dunbar, 83 years, a pioneer rancher of Olsen Creek, died in the Macleod hospital last Monday night after being a patient at the hospital for two years. He was born in Wellington county, Ontario, and came west in 1881, settling first in Montana. He moved to the Porcupine Hills in 1883. He is survived by a sister, Mrs. Hollis of Edmonton who is visiting in Macleod, a sister in Toronto, and two brothers, one living in San Francisco, and another in Vancouver.

The deceased, who farmed on a big scale at Olsen Creek west of Macleod, was widely known throughout Southern Alberta and his death removes another pioneer from the ranks of the old-timers of the northwest. The funeral was held from the United church, Macleod, on Wednesday afternoon, February 7th, (interment taking place in the Union Cemetery) and was attended by a large number of friends and relatives of the deceased.

The pall bearers were: Harry W. Bright, Stewart McAllister, Curran Grier, Sandy Schnarr, Jerry Paisley and Richard Lane.

of organization proved satisfactory and economical. The organization in these constituencies have already intimated their desire to the department to have the work repeated in the coming year.

During 1925 surveys were made in outlying districts, and as a result two new districts were permanently established under the district nursing system. All schools in the vicinity of these districts were visited by the nurse, and the children suffering from defects reported to the department.

During the summer and fall the travelling clinic which is conducted by the department visited the outlying districts and in all 335 medical cases were examined and 58 operations performed for tonsils and adenoids. The travelling dentist examined 682 cases. These travelling clinics are a new feature of the departmental work and have been able to bring much needed services to the settlers in outlying districts who are not able to provide for these services themselves, or where medical or dental services are not otherwise available.

Wheat Pool Membership
The Alberta wheat pool has now 36,259 members, and new contracts are coming in on every mail, according to advice from the head office of the pool in Calgary.

Bee-Keepers Meet
E. Marks of Lethbridge was re-elected president of the Alberta Beekeepers' Association at the annual meeting at Lethbridge. R. C. Shurtz of Stirling was re-elected vice-president; H. T. Luther, Lethbridge, bee expert at the Experimental Farm, secretary-treasurer and the following directors were named: F. H. Hutton, Lethbridge; A. J. Morris, Lacombe; R. R. Baird Brooks, and D. Chalmers, South Edmonton. The beekeepers are enthusiastic over the prospects of the industry.

Get Irrigated Lands
Land hungry farmers, many of whom are besieging the office of the Lethbridge Northern Colonization seeking farms on the project under the very generous plan recently put into effect by the government of Alberta.

Fairs Association Convention
What was probably the best convention in the history of the Association was held at Edmonton by the Alberta Fairs Association. Many matters pertaining to the rural fairs were discussed, including a plan to link up with school fairs.

Plan Air Service
Plans are being made for an air passenger service between Edmonton and Calgary for the coming summer.

Coast Elevator for Pools
The three prairie wheat pools are planning the erection of a terminal elevator at Vancouver, it is announced.

NEW LIEUTENANT-GOVERNOR LAUNCHES SIXTH SESSION OF ALBERTA LEGISLATURE

Edmonton, Feb. 11.—With the usual formalities the sixth session of the fifth legislative assembly of Alberta was launched this afternoon by Lieut-Governor Dr. William Egbert, who made his first formal appearance in the house.

The speech from the throne read by his honor carried no new points which have not already been discussed in the press. Legislation was forecast on the following points:

Redistribution of constituencies.

Use of the surplus monies resulting from the operation of the wheat board of 1919, divided by the government of Canada among the provinces.

Amendments to the Lethbridge Northern Irrigation Colonization Act.

Transfer of Resources.

A bill to ratify the transfer of natural resources, and legislation on equalized assessments in districts financially unable to keep schools open the full year.

A bill providing for investigation of industrial disputes to fill the gap caused by the knocking out of the federal Lemieux Act.

Revision of the Factories Act.

Survey of Taxation.

Establishment of an advisory board to undertake a general survey of the entire field of revenue and taxation.

Bills dealing with the municipal districts, insurance and mechanics' liens, and other amendments to existing statutes.

The speech from the throne recommended the impending reports of the coal commission, the Lethbridge Northern manager, advisory board on farm loans, negotiations on northern railways, investigation of hospitals for the insane, and other public institutions in the province, and other reports.

Other Points Covered.

Mention also was made of the joint federal-provincial board's work in investigating the drought area problem, the fact that the government has provided some relief and work for unemployed, the fight the provincial government is making for an equalized railway rate east and west, and the work done on highways development.

Galleries Well Filled.

The galleries of the house were well filled and a large quota of Edmonton and Alberta official dignitaries and their wives had reserved seats on the floor of the house. Despite the fact that it was Lieutenant-Governor Egbert's first appearance in the house, the rather tedious formalities went through without a hitch.

E. G. Sparks, Farmer, Wetaskiwin and E. G. Cook, Farmer, Pincher Creek, were the mover and seconder respectively of the speech.

The house adjourned to Friday afternoon, when the debate on the speech will open.

Greenfield in House

Former Premier Herbert Greenfield, looking hale and hearty appeared in the office of Premier J. E. Brownlee Thursday morning to greet his successor on the opening day of the legislature.

"I've been doing nothing but reading good books," the former premier told newspapermen. "It's really the first time for five years that I've had a chance to do any substantial reading, and I am enjoying myself. It's a great rest."

In Front Row.

The former premier took his new seat in the house when the legislature opened at 3 p.m. He has one of the front row seats, but on the end section farthest from the speaker.

This year the seats in the house have been arranged in half circles. The effect is to remedy to some extent the overwhelming appearance of the government benches compared to the handful of opposition. The government is faced by Messrs. Fred White and P. M. Christophers, Labor; Robt. Pearson, Independent, and only ten Liberals.

Correct this sentence: "He is a patient chap," said she, "and never fumes when late-comers shut off his view of the movie."

Every tennis player should learn to leap high enough to make a good picture for the rotogravure section.

CURLING

Curling fans are managing to
squeeze in a game or two here and
there during the past few days, the
weatherman being in a little better
humour on their behalf, and allow-
ing a fairly good spell to break in.

The local bonspiel was started
with all the zest in the world, and
competitions were commenced in the
Shaw, Burns' and Hudson's Bay
events.

'Joe Marks' and 'Scotty' Pringle
are down to the finals in the Shaw
Cup, and a real tough game between
Canada and Scotland is looked for-
ward to.

Judge MacDonald is holding the
lead in the Hudson's Bay, having
reached the 4's.

In the Burns' Trophy in which
every rink has to play the other
making a total of 12 games for each
rink, Bob Hamilton and Billy Day

are even up, having won 3 games
each.

The ice is still in fairly good
shape although the curlers are look-
ing anxiously towards the west
praying the chinook will veer off
until the 'spiel is over.

The Kind of a Rock Skips Can't Forget

It's the kind of a rock skips can't
forget.

Just a stone by a bone badly played
For when rocks go off wide,
You'll hear him cry,
"Out turn you boob—
Oh let the thing die."

And you'll soon realize
You're not so wise,
And the odds bring you tears of
regret—

When they pick men for a 'spiel,
You're off the deal—
There's rocks they can't forget.

HUTTERITES THRESHED 3,200 BUSHELS IN SINGLE DAY

In its "Thrashing Records" col-
umn, Nor-West Farmer of Winni-
peg, has this to say of a big Mac-
leod output:

From Macleod, Alberta, comes
the announcement that 3,200 bush-
els of wheat was the largest quan-
tity threshed in one day by a 32 h.p.
Reeves engine running a Rumely
separator with a 40-inch cylinder.
This big outfit had a crew in keep-
ing with its size. Two sheaf loaders
were employed and each loader
had four bundle racks to load. In
addition to this gang there were
four spike pitchers at the machine
as the bundle racks dumped their
loads and left all the feeding of the
machine to the four spikers. The
machine did not get going early in
the morning as it was always sit-
ting about two miles from the
stables, and at noon some time was
lost as the men had to go that dis-
tance for dinner. The engineer and
separator man stayed at the machine
and did small repair work dur-
ing the time the machine was shut
down. The day on which the 3,200
bushels were threshed the machine
was running for ten hours. This
machine is owned by the Hutterite
brethren at Macleod.

On Saturday morning Alex
Schnarr, Olsen Creek, had the mis-
fortune to lose his Ford car by fire.
The family had returned from a
dance, and on going out about an
hour afterward, they found the car
in flames. The fire evidently started
from the battery. A portion of the
garage was also destroyed before
the fire was extinguished.

The members of Alberta Lodge
No. 3, A.F. & A.M., G.R.A., were at
home Monday night to their friends
of Macleod and district, the occasion
being their annual ball. The hall
was beautifully decorated for the
occasion in blue and white colors of
the order. The program was a
varied one, the music was by Ed-
gar's orchestra of seven pieces, and
gave entire satisfaction to all pres-
ent. The refreshments provided by
the ladies were appreciated, and
served in first class style. The uni-
versal opinion was, the best and

most enjoyable dance ever put on
by the lodge.

MISS A. M. WILSON

to make this an annual event worth
while, and a children's day should be
worth while, so when approached on
this matter respond cheerfully.

Mrs. Greensk gave a very inter-
esting report on "National Events."

Mrs. Dufore, in her paper on
"Canadian Authors," gave the birth-
day of "The Canadian Authors' As-
sociation," which was founded in
March 1921, in Montreal by some of
the charter members—Basil King
Arthur Stringer, Stephen Leacock
and John Murray Gibbon. Mrs.
Dufore touched on the history of
several authors and their books
which are familiar to most of us
ending her paper by a request to
stock our libraries with Canadian
literature, encourage the giving of
Canadian books for gifts at all
seasons of the year, and in this way
help develop a national genius.

The Rev. Mr. W. H. Irwin, in his
address on "Some Canadian Prob-
lems," covered a large field, taking
in "Canadianization and Colonization."
His remarks were to the point. The
problem of Canada being for the
first half of her life under French
rule and the second half under Brit-
ish, and the necessity of blending
these distinctly different nations
was one. Our system of Canadian-
izing our population from foreign
countries leaves much to be desired,
then our proximity to our aggressive
neighbors of the south. The vast-
ness of our country, our nomadic
tendencies, our distance from our
central government, all tend to keep
us from perfect union, and are seri-
ous problems indeed.

The musical programme left noth-
ing to be desired, and was highly
appreciated by all present; the ar-
tists who so kindly gave their ser-
vices were—Mrs. J. W. McDonald,
Miss Olive Young, accompanied by
Mrs. Cutler, rendered a very pleas-
ing solo; Mrs. Jones, violin solo ac-
companied by Mrs. Cutler, was given
in her usual pleasing manner; Mrs.
Morris, solo; and Miss Gladys
Cooney's piano solo and song re-
ceived well deserved applause.

How can men be trusted to judge
their fellows when they can't even
agree whether the man was safe at
second?
